HURRICANE

HIGHLY WIND RESISTANT

The Bambrella® Hurricane is quite possibly the most refined market umbrella available anywhere in the world. The design brief for the Hurricane was to create an umbrella range which maintained a minimalist design, whilst creating an environment of understated luxury. Every single component in this umbrella reflects that initial brief. From the thread used to sew up the premium Spuncrylic fabric to the highly polished interlocking profiles which both strengthen and beautify the ribs.

INSTALLATION OPTIONS

Flexible options available. Choose between inground sleeve system or baseplate - We recommend **Sunranger® Base**.

WARRANTY

2 Year workmanship warranty on the frame and a 1 year fade resistant warranty on the fabric.
