

BIRD NET

PRODUCT SPECIFICATIONS

Bird Net is designed to keep birds and bats out of valuable crops, preventing the expensive losses that can occur. Bird Net can be used on a permanent structure or can be applied as a reusable drape-over net. Bird Net is very easy to install and retrieve at the end of the season if need be.

FABRIC

The Bird Net is a high quality knitted monofilament mesh netting that is light weight and extremely strong.

WARRANTY

The Bird Netting has a 10 year warranty against UV Degredation. All fabric warranties are pro rata.
